

Gateway Chapter Newsletter 5-10-2018

Hello to you Hudson folks out there from your Gateway chapter president. Hope all is well with everyone ,things here are about the same as usual just warming up a bit. Made my first trip around the yard with the mower so summer is definitely starting. Mike Norris and myself have been working on our upcoming ORPHANED CAR DISPLAY at the Transportation Museum. In case you have not heard this is the same event we formerly held at the History Museum in forest park. The date will be 6-03-2018 and we plan on 10 am to 2 pm but feel free to come earlier to set up and there will be signs to direct you to the upper parking lot (to display). I am looking forward to the event and anxious to see how the new venue works out. The GATEWAY AMC chapter will co-sponsor this with us .The Museum is located at 2933 Barrett Station rd. in west St. Louis county 63122 and hope to see you guys there .
