

## **GATEWAY CHAPTER NEWS APRIL 2021**

It has been a while since we have got a news letter out and I do have a couple items I wanted to let you know about. Last year was basically a total loss event wise, I could not even get a Christmas party hosted due to the shutdown of everything. It currently looks somewhat better this year for car stuff. I have been told the Easter Car (Horseless Carriage club) show has been on and off and now on again. Not one of our Hudson events but interesting to lot of folks. It will not be in forest park as usual but in the St. Charles arena.

Also not our event but the Model T Ford Club is having their annual swap meet & garage sale at World Wide Technology Raceway in Madison Illinois May 2, 2021. I have not been in awhile but it is a pretty big event.

Now as far as our Gateway Chapter goes we are going to have a picnic in the O'fallon City Park 401 E 5<sup>th</sup> street same place as last year on June 13, 2021. There is a nice pavilion there with a BBQ pit and the club will have the meat and I will be your chef. Bring along a side dish or desert, also your favorite
